- Teamwork Excellent
- Planning Critical
- Thinking
- Communication Skills
- Creativity
- Fast Learner

PROFILE

Undergraduate BSc (Hons) Computer Science & Technology with expertise as a Full Stack Mobile Developer and UI/UX Designer. Skilled in React, Flutter, and Python, with experience building dynamic, user-friendly web and mobile applications.

PROJECTS

TeaLink– Mobile Application

TeaLink is a mobile app that helps tea landowners and collectors manage harvests and payments efficiently. The admin panel provides full control over the app. Built using Flutter, and Firebase, it offers a seamless and user-friendly experience.

UniGPA - Track Your Grades, Achieve Your Goals.

UniGPA is a mobile app that helps university students calculate, track, and manage their GPA across semesters with ease, offering a simple and intuitive interface for grades, credits, and overall performance.

Portfolio

Personal portfolio website built with React, Tailwind CSS, and Framer Motion showcasing projects, skills, and experience as a Full Stack Developer.

Island-Paradise

A visually engaging website showcasing the beauty of island wildlife and nature. Features include an elegant navigation bar, image gallery, and immersive jungle-themed design — built to highlight trails, camping, and wildlife activities for visitors.

Convo

A modern, secure, and lightning-fast chatting application built with Flutter. Convo allows users to connect instantly with friends through real-time messaging, voice calls, and video calls. Designed with a smooth onboarding experience, clean UI animations, and high-performance architecture.

EXTRA CURRICULAR ACTIVITIES

Self-learning through online platforms

(YouTube tutorials)

Society of Technological Studies SUSL

(Committee Member)

Awards & Recognition

YouthSpark 2025 Winner - Secured People's Choice Award and Most Promising Technology-Based Concept Award at the 2nd International Conference on Applied Sciences (ICAS), Sabaragamuwa University of Sri Lanka for presenting MatchMate LK football management application concept as part of a collaborative team (2025)

DialBook

A simple and efficient mobile app to manage your contacts. Add, edit, delete, and search contacts through a clean and modern interface. Built for fast performance, easy navigation, and secure data handling.
